

NOTICE OF CONSTRUCTION

(Matmor Road & E. Gum Avenue)

Please be advised that construction on Matmor Road and E. Gum Avenue by O.C. Jones & Sons, Inc. is set to commence in the coming two weeks. Road reconstruction of these roads includes the removal of existing asphalt, raising and lowering of storm and sewer manholes, sidewalk repairs, installation of bus pads, driveway repairs, and curb ramp upgrades to meet ADA standards on these two streets. This project is funded by the City of Woodland.

Construction on Matmor Road and East Gum Ave will take place from July to December 2022 and recommence in the spring of 2023 through summer 2023. Hours of operations will be from 7:00am to 4:00pm on Monday through Friday.

While construction activities are underway, affected roads will have traffic control in place to allow for safe working environments. It is our duty to allow for as much access in and out to every business and resident affected as we continue work.

We appreciate your patience during this construction and look forward to the completion of these important upgrades to your community.
